Not Just Badges

Membership cards, luggage tags and more...

Our badges, with their credit card style and excellent print quality, are perfect for use as membership cards, luggage tags and many other varieties of branded ID.

[Visit our website for more options](#)

All our badges are 86mm by 54mm with rounded corners. Available in a range of colours. White badges are printed on fully bio-degradable plastic. All prices above are based on single side printing with personalisation and a clip and pin attachment or punch hold for lanyards. Double sided printing and barcoding also available please call us on 0800 082 1148 for further information.

How to order badges

The professional solution for onsite registration

Badge Printing

Thermal plastic badge printers and laptop with badge printing software can be hired for onsite use. This is a great solution for any unexpected attendees that need to be registered at the event.

Badge personalisation

Label printers are a great low cost alternative to onsite badge printing. Desktop label printers can be hired with various tape colours and widths to choose from.

Barcode Scanning

Wireless barcode scanners are available for hire. After the event, simply return the scanners to us and we will email you a report of all the data collected on them.

Managed Services

We offer a complete managed solution called 'ScanEngine' for real time attendance monitoring, breakout session capacity management, send SMS or email alerts as VIPs arrive and more.

Please contact us on 020 8334 2222 for more information.
